

GE ENERGY

# GE is working for a better future. Are you ready?

When it comes to providing the essentials for change, you can count on GE Energy to be a part of it. For 130 years, we've been at the forefront of innovation, but finding solutions to the world's biggest problems has never been

more important than it is right now. GE Energy's gas turbine manufacturing facility, located in Greenville, SC, is seeking qualified applicants to join our team and become an essential part of the solution.
